

**BUSINESS OF THE CITY COUNCIL
YAKIMA, WASHINGTON
AGENDA STATEMENT**

Item No. 7.E.
For Meeting of: April 7, 2026

ITEM TITLE: Resolution authorizing Supplemental Agreement 1 with HLA Engineering and Land Surveying, Inc. for Engineering Services associated with the 28th Avenue Vicinity Sewer Improvements project (Wastewater Capital Fund 476)

SUBMITTED BY: Scott Schafer, Director of Public Works
* Mike Price, Wastewater/Stormwater Manager

SUMMARY EXPLANATION:

The City of Yakima entered into a 3-year agreement under Contract 2023-139 (Contract) with HLA Engineering and Land Surveying, Inc. for sewer collection system engineering services. The attached Supplemental Agreement No. 1 to the Contract, including EXHIBIT A 2026 SCHEDULE OF HOURLY RATES, allows compensation for engineering design and construction services associated with the 28th Avenue Vicinity Sewer Improvements project.

The 28th Avenue Vicinity Sewer Improvements project, to be added to the Contract by Task Order, replaces 2,000 feet of undersized and deteriorating six-inch clay sewer main in backyard easements with eight-inch diameter polyvinyl chloride pipe located in the right-of-way. The replacement, upsizing, and re-alignment of this pipe increases system capacity, service life, and maintainability.

The Supplemental No. 1 is in an amount not to exceed \$265,640 with funding provided by Wastewater Capital Fund 476.

ITEM BUDGETED: Yes

STRATEGIC PRIORITY 24-25: A Resilient Yakima

RECOMMENDATION: Adopt Resolution.
