

**BUSINESS OF THE CITY COUNCIL  
YAKIMA, WASHINGTON  
AGENDA STATEMENT**

Item No. 7.C.  
For Meeting of: February 4, 2025

**ITEM TITLE:** Resolution authorizing a contract with Iron Horse, LLC for CIPP Rehabilitation of the Rudkin Road Trunk Sewer Main Project SC2819

**SUBMITTED BY:** Scott Schafer, Director of Public Works  
\* Mike Price, Wastewater/Stormwater Manager

**SUMMARY EXPLANATION:**

City of Yakima (City) Project SC2819 rehabilitates 3,401 linear feet of the Rudkin Road Trunk concrete sewer main at the location shown on the attached Project Location Map. Rehabilitating aging concrete sewer pipes reduces groundwater infiltration, improves collection system reliability, and decreases treatment costs at the Wastewater Treatment Plant. The Project will utilize cured-in-place technology to minimize surface disturbances.

The City previously entered into an Agreement with HLA Engineering and Land Surveying, Inc. under Resolution R-2023-107 to provide engineering design, bidding, and construction services for the pipe rehabilitation. The City utilized the procedure established by the State of Washington for competitively bidding projects. Two contractors submitted bids, with Iron Horse, LLC submitting the lowest bid. The Agreement in an amount not to exceed \$1,519,020.18 is attached for City Council review. The Project is funded by Wastewater Capital Fund 476.

**ITEM BUDGETED:** Yes

**STRATEGIC PRIORITY 24-25:** A Resilient Yakima

**RECOMMENDATION:** Adopt Resolution
