ITEM TITLE: Resolution authorizing Right of Way Use Permit Application
RL240065 for Catholic Charities at 303 E D Street

SUBMITTED BY: Bill Preston, Acting City Engineer

SUMMARY EXPLANATION:

Darlene Darnell of Catholic Charities is requesting approval of a Right of Way use Permit application number RL240065 to install stairs, a landing, fencing, and a gate along the west side of their building at 303 East D Street. The property is located in the Commercial Business District zoning district.

Right of Way Use permits are processed under the provisions of Chapter 8.20, which requires review by the code administration manager and final approval by the City council. The permit also requires liability insurance as prescribed in Section 8.20.060, which will be provided to the Office of Code Administration prior to issuance of any permit. Approved permits are valid for a period of one year, renewable annually. This allows the City an opportunity to review any public health/safety/welfare issues that may need to be addressed in subsequent years.
